# Why Create a Butterfly?

Butterflies represent transformation. People in situations that lead to homelessness or people currently experiencing homelessness are in extremely transformative periods of their lives.

Rotarians are People of Action and Phoenix Rotary Club Charities (PRCC) is dedicated to finding innovative solutions to the homeless epidemic. These solutions have taken the form of education, drug rehabilitation, fighting food insecurity, securing alternative housing, working with domestic abuse survivors and more.

PRCC intends to use funds raised during Take Flight to support projects within the homelessness sector and a new 2024 effort in partnership with Shemer Art Center to support youth art education programs.
